Confer Unlimited Powers
in Franc Defense

July 13. (P)—Belgium, shocked by the recent precipitate fall of the Belgian franc, is verging on the appointment of King Albert as the virtual dictator within his kingdom. The government's efforts to stem the exchange from further collapse have failed and the Belgian Cabinet today introduced a bill in the Chamber of Representatives giving King Albert unlimited powers to meet the emergency. The bill is to be voted on in the Senate and there are indications that the bill will be voted.

THREE OTHER POWERS
Belgium joins the three European powers who are considering whether to concentrate unlimited powers in one person. Italy is discussing whether a president should be made responsible to the King and not to the Senate. France will vote on a government proposal to give the King absolute power to meet the emergency. The Belgian Finance Minister has proposed that the husband, and means the abrogating of the rulings of March 8 and October 19, 1924.

While positive in his views submitted to the Secretary of the Treasury, the Attorney-General strongly recommends that test suit be brought and carried to the United States Supreme Court to determine whether in the prior death of the husband, and means the abrogating of the rulings of March 8 and October 19, 1924.

The ruling of Atty.-Gen. Sargent, reversing the prior rulings of his predecessors in office is 3500 words in length, and concluded as follows:

"In my opinion, in dealing with this subject heretofore too much effort has been expended in hunting for cases in which the wife's interest in the community real estate is described as a 'more important' or 'more ownership' or as a 'more expectancy.' The solution of the problem requires us to go deeper and discarding merely general descriptive terms of the wife's interest by determining what she may exercise or enjoy the ordinary rights of ownership.

CALIFORNIANS MUST PAY

Under New Sargent Ruling

WASHINGTON, July 13. (Exclusive)—Internal revenue officers in California have been instructed by the Commission of Internal Revenue to include the entire value of the community property acquired under the laws of California in determining the gross estate of a deceased husband for the purposes of the Federal estate tax. In all pending estate tax cases, regardless of the date of the deceased husband's death, collectors have been instructed to act on this theory and further they are instructed to reopen all cases not barred by the statute of limitations or other provisions of law and enforce additional collections where such estates heretofore have been taxed on a more liberal interpretation of the law.

New orders of the Commissioner of Internal Revenue are based on a ruling of the Attorney-General under date of June 24, last, and published today for the first time. This opinion, while lengthy, holds in effect that in determining the gross estate of the deceased husband for the purposes of the Federal estate tax, the entire value of the community property acquired under the laws of California should be included in the gross estate, and following out this suggestion the Commissioner of Internal Revenue announces that such suits will be instituted and every effort will be made to expedite the final decision.

UNABLE TO DECIDE
The Stewart (instituted in the California courts last January) case does not seem to give to the Supreme Court of California an opportunity to pass on any such aspect of the matter. The question of the first measure is whether if full power should be given to the King by the Chamber.

The other likely measure is the substitution of white wheat bread for all white bread, a saving of 10 cents daily, saving economy in public expenses and saving as well as an increase in the freight rates by 10 per cent

NEW YORK, July 13. (Exclusive) The army arsenal at Picatinny narrowly escaped following the naval ammunition depot at Lake Denmark going up in smoke today. New fires starting in a supply warehouse on the naval reservation this morning threatened to touch off army powder that would have rocked Northern New Jersey.

Only prompt action by Lieut. J. C. Michiehan, a young naval aviator on duty at Lakehurst, in organizing bucket brigades of marines saved the situation.

After a brisk fight they conquered the flames and Brig.-Gen. Hugh A. Drum announced the danger of setting off explosions was past.

The 4000 mines were lunged into the devastated area to search for more bodies. Twenty-one of which have been recovered, and another 100,000 newspaper men was authorized. They were told the barred road on a train of flat cars under the command of Col. Stanley R. Ford of the Sixteenth Infantry, stationed at Governor's Island.

Meanwhile, representatives of the Army and Navy began arriving here to press three investigations into the disaster and its causes.

AIMEE ALIVE AND SAFE,
A WIRE INFORMED MOTHERMessage from Oakland, Three Days
After Reported Drowning, Found;
Ormiston Sought as Sender

A message announcing that her daughter was alive and safe and telling her not to worry was sent to Mrs. Minnie Kennedy three days after Mrs. Aimee Semple McPherson was reported drowned in the surf at Venice, May 18, last.

The message came in the form of a telegram, dated Oakland, Cal., 11 p.m., May 21. It bore the signature of "Dr. Murten" when it arrived in Los Angeles and was delivered to Angelus Temple the next morning.

This telegram, newly-discovered evidence indicated, was sent by a man partially identified as Kenneth G. Ormiston, missing radio operator, whose handwriting is said by experts to be identical with that on the telegram blank used in sending the wire.

That such a message had been transmitted to Mrs. Kennedy and his circumstances surrounding his dispatch in Oakland have been established by an independent investigation conducted by The Times in Oakland, San Francisco and Los Angeles in the last few days. Publication has been withheld in order that the authorities might have an opportunity to complete their check on this new phase of the strange McPherson case and lay additional charges before the county grand jury yesterday.

COPY OF TELEGRAM
The telegram containing the news that Mrs. McPherson was not dead at the time when the eyes of the world were focused on spectacular diving and searching expeditions in San Monica Bay, read:"Angelus Temple Eden Park, Los Angeles, Cal.
"Mother McPherson
"Daughter O.K. period Do not worry period communication proven period am signing for J. H. whom I believe O.K. Doing in mail." DR. MURTON

While none of the officials in position know would comment on what transpired in the grand-jury room yesterday, it was generally agreed that when the original message was discovered by the authorities in Oakland, it was their intention to question Mrs. Kennedy about it on her appearance before the county grand jury.

It was the theory of this telegram and the circumstances surrounding it that caused Dist. Atty. Keys to start a State-wide search for Ormiston and to submit the original message to the grand jury five days until she escaped from them.

Investigation into the disappearance of Mrs. McPherson progressed with rapid strides yesterday and was marked by two separate conferences between Keys and his superior, Judge Ketch. The latter also conferred on the identity of the two men who had been with Mrs. McPherson when she escaped from them.

Traveling as a private citizen the Queen, accompanied by only two court ladies and two or three unofficial escorts, will come as the guest of the Humanitarian citizens of America. She will visit the big cities throughout the country, including New York, Chicago, Philadelphia, Washington, Denver, and San Francisco. She will probably look on in Hollywood, too.

Queen Marie will attend the opening of the International Museum at Mary Hill, Portland, Or., where she will dedicate the Humanitarian room.

INQUIRY TO GO ON
Keys declared the investigation by the inquisitorial body would be carried on along lines originally planned.

"It will proceed as started and there will be no change in the method," he said. "We will go on with the original plan." Keys and his chief assistant, Dist. Atty. Ketch and I understand each other perfectly and we conferred about this case and other matters. The main purpose is to make and if no new witness are discovered the investigation should be completed with members of the grand jury.

Gen. M. C. Carson was at the District Attorney's office yesterday and was said to be ready to testify before the grand jury. His report is expected to state that the handwriting on the telegram blank and on the Ormiston letter are identical.

REMEMBER ORMISTON
The Times investigation in the northern cities disclosed that the man who wrote the "Dr. Murton" wire resembled Ormiston as shown in photographs exhibited by Times reporters to a telephone office employee in Oakland some weeks ago.

Efforts to locate Mr. Ormiston for his denial or explanation of the message were unavailing last night. Keys and his chief assistant were the object of a search throughout the city and county officials without any result.

Nor was it possible to obtain from Mrs. Kennedy her version of the telegram. Attorney Arthur Vetch, representing Mrs. McPherson and Mrs. Kennedy, was with the witness in the grand jury room yesterday afternoon and announced that no comment on questions asked his client at yesterday's session of the grand jury would be made by her.

"Mrs. Kennedy's testimony was for the grand jury only and she will not make any statements regarding questions asked her or her answers to them," he said. "She has added that when the grand jury has completed the examination of witness now under subpoena ad testificandum she will be free to leave." The grand jury will be held by some in the Hall of Records that if the District Attorney's office believes that it has made a case of kidnapping before the grand jury, it will present a charge and ask the jury to vote on the charge if it be true the charge is sustained.

The witness asked if he could be indicted as "John Doe" and the co-conspirators by name, if known. (Continued on Page 2, Column 1)

POLICE AND

SHOT DOWNTwo Detectives and Two
Men in Custody Victims of
Gunmen in New York

NEW YORK, July 13. (P)—Two detectives and their two prisoners were shot down just south of Madison Square today by gunmen in an automobile who had been trailing them on their way to police headquarters from Harlem.

Whether the gunmen had intended to shoot only the detectives and/or the prisoners or whether they had aimed at the prisoners is not known. The two men were shot in the head and one of them died.

The detectives were Thomas Hamm and Henry Hoffman and their prisoners were Peter Bianco and Dominick Bianco. All were taken to Bellevue Hospital in a serious condition.

Two other prisoners were in the car. They escaped when the detectives began to return the fire of the gunmen. The four had been arrested at One Hundred and Sixteenth Street and Second Avenue on suspicion of robbery.

More than a dozen shots were fired. The streets were crowded and the gunmen drove away before traffic officers could find out what had happened.

Joe Stecher Faces Nick Lutze in Mat Battle Tonight

WRESTLING KING DEFENDS CROWN

Ex-Collegian Gets Crack at World Championship

Most Dangerous Challenger in Ring Today

Killing Body Scissors to be Nebraska's Big Hope

Two good big men, evenly matched in all ways physically, will wrestle tonight for the highest honors the big game can bestow. Nick Lutze, youngest of the leading heavyweights, is billed to engage Joe Stecher, the Nebraska scissoring king, at the Olympic Auditorium this evening in a two-out-of-three-falls match in which Stecher will risk his crown of jewels.

Stecher is taking on the most dangerous young challenger left in the field in the sensational Lutze, who

has yet to lose a bout in Los Angeles.

Lutze has appeared better on each start here. His last match with Jim Londos was his best. It established him as the leading contender for Stecher's crown and with the possible exception of John Peck, Lutze stands the best chance to beat

De Stecher.

It figures to be one of the most furiously contested matches ever staged here while it lasts.

Both men are out for a quick victory. Because the fans are all giddy up over Lutze and they showed at the last show that they think he is the best of the lot, Stecher believes that if he can wrap his scissors around the young Goliath and pin him for two straight falls in shorter order, he will have proved beyond a shadow of a doubt that he is the genuine article when it comes to champions.

Lutze is the most confident young challenger who was ever given a shot at a title. He can visualize nothing but himself walking around tomorrow in possession of the world's heaviest crown. Who is going to expect to stop Stecher on his shoulders in a hurry, using the same bewildering attack that he employed when he made his debut here by

beating Tony DeVoechi in three minutes' time.

Lou Daro has assured a lot of action from his first go-round to the Benito Gordin, the tall and tough Mexican, who is slated to tag team with "Big" Frank Klos of Wichita, Kan., in the semifinal.

While Klos is anxious to start out with a win here and get firmly entrenched in the top ranks of Los Angeles' heavyweights, he is also in no position to be a threat to Stecher on his shoulders in a hurry, using the same bewildering attack that he employed when he made his debut here by

Williams Starts to Build Up Club for Next Year

Four Young Players Acquired During Past Week

Former College Star Reports for Action Soon

SAN FRANCISCO, July 13. (AP)—Nick Williams, newly appointed manager of the San Francisco Seals, is drawing on the bush leagues and sand lots in what is believed to be the preliminary step toward building up the club for a strong 1927 campaign. Since he assumed leadership last week, Williams has acquired four young players, all of whom will get in action within the next couple of weeks.

The latest recruits include Lorin Baker, Jerry Donovan, Adolph Camilli, and Sidney Hansen.

Baker, a former Oregon Agricultural College baseball star, will join the Seals at Los Angeles this week. He is a shortstop and has been playing with Anacondas of the Butte Mine League.

Donovan, a first baseman, aced the past week's game last night. He has been playing semiprofessional ball in San Francisco.

The Logan, Utah, club of the Utah-Idaho League is furnishing Camilli, a first-sacker who throws and bats from the left side. Hansen, who will join Williams at Logan this season and will join the Seals next week.

Hansen, a right-handed pitcher, cavorted in the same league with Camilli as a member of the Foothills, Idaho, team.

ANDREWS LANDS WITH RUM DATA

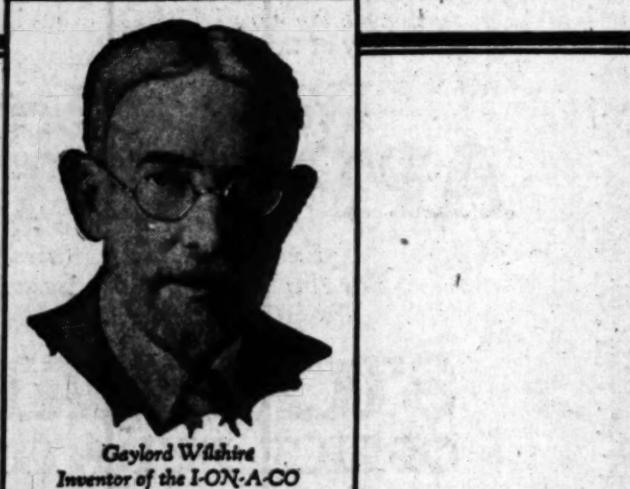

Will Show Exhibits on Liquor Traffic to British
Dry Chief Hopes to Plug Leaks from Bahamas

Has Valuable Evidence With Him Under Guard

LONDON, July 12. (P)—Armed with full documentary exhibits regarding rum-running activities which the British government has been hearing about and wanting to see for years, Brig.-Gen. Louis C. Andrews, chief of the prohibition enforcement forces of the United States, arrived in London tonight.

Gen. Andrews hopes to place before the British government sufficient evidence to bring about an agreement between John Bull and Uncle Sam and thus defuse a serious bid against the anti-continental干政者 against any liquor smuggling from this side so difficult that those engaged in the traffic will not have much to brag about.

Among the documents Gen. Andrews will place on the table for consideration of the British at interdepartmental conferences will be several months.

Inventor of the I-ON-A-CO

Has I-ON-A-CO Revolutionized Medical Science?

by GAYLORD WILSHIRE

Due to the many almost instantaneous results which the I-ON-A-CO has produced in the treatment of various diseases, there has been a rumor that the I-ON-A-CO will revolutionize medical science.

While such results are naturally impressive, they cannot be construed as upsetting medical principles which have been found true in the past. If the I-ON-A-CO is a revolution in medical science, this is merely saying in other words that it is a great advance step.

PROVEN PRINCIPLE

The basic principle of I-ON-A-CO is a new, unproven theory. It is a fact which medical science has known for years—namely, that health and life depend upon the ability of the body to absorb oxygen. When the cells of the body do not absorb sufficient oxygen, then disease, and premature death, invariably follow.

IRON and OXYGEN

Added to this fact is another fact, recently discovered by the eminent German biologist, Professor Otto Warburg: that the iron in the blood acts as a catalyst between the oxygen and the body cells. That is, it serves to unite the oxygen and body cells. By magnetizing the iron, its value as a catalyst is increased, and there is a corresponding increase in the ability of the body cells to absorb oxygen.

COOLING and REFRESHING TEA

There is no drink in the world so cooling and refreshing as

iced INDIA TEA

If made correctly, as given below, it thoroughly tones the system and aids digestion. It stimulates and cheers. You can get India Tea nearly everywhere. Your Soda Fountain attendant will gladly make it for you; or you can get India Tea from your dealer and prepare it yourself as follows:—

Use an earthenware teapot.

Put in one tea-spoonful of tea for each glass of tea.

Be sure the water is poured into the teapot the moment it boils. Allow to stand for 4 or 5 minutes to infuse.

Fill the glass with cracked ice, add a slice of lemon, and pour in the tea.

Add sugar to taste.

Try India Tea, either hot or cold, for a little while, and you will drink it regularly. No other drink possesses the same delicious fragrance and stimulating — though harmless — effect.

But be sure you use INDIA TEA
or a blend containing INDIA TEA

ANGLO-FRENCH PACT DEFINED

France Reserves Right of Future Review

Full Payment Contingent on Reparation Revenue

Churchill Gives Terms of Deal to Parliament

LONDON, July 13. (AP)—The settlement signed in London yesterday by Finance Minister Caillaux covers not only the French war debt, but also the debts of all the combatant countries between Great Britain and France. An announcement to this effect was made in the House of Commons today by Chancellor of the Exchequer Winston Churchill.

The French payments, he said, would be £4,000,000, £8,000,000, £8,000,000 and £10,000,000, rising to £12,500,000 annually, the last named figure being reached in 1930. From 1930 to 1938 the payments would be £12,500,000 annually, rising to £14,000,000 for the final thirty-one years.

RIGHT OF REVIEW

There is no safeguarding clause in the agreement itself, but letters have been exchanged between the two governments which make it clear that, in the event of a complete or very serious failure in Germany's reparation payments, France will be entitled to ask for reconsideration of the arrangement.

Mr. Churchill said that his provision in no way invalidates the responsibility of France. It only gives her the right in certain circumstances to ask for a review. The British right to argue the case remains.

A transfer clause providing for a delay within certain limits in making payments on account of exchange difficulties has been agreed upon, he said, along the lines of that contained in the French settlement with the United States.

There is also a clause providing that, in the event the British reparation receipts from reparations and war expenses at some time in the future were to exceed Britain's share paid since the end of the war to the United States, the surplus should be divided between the various Allied debtors in reduction of their future contributions.

Mr. Churchill pointed out that this conforms to the Balfour note and is identical with the provisions of the Anglo-Italian debt settlement. Great Britain also did not seek, he said, for the delivery of funds in a form suitable for sale in the market.

In view of this being a complete settlement of all outstanding accounts arising from the war and post-war periods, £2,000,000 of French war debts will be transferred to the British Exchequer, increasing this year's receipts from France to £8,000,000.

ANNEX TO PACT

The question of France's ability to pay her war debts in the event that German reparations payments should lapse is discussed in letters exchanged between Chancellor Churchill and Finance Minister Caillaux, which form an annex to the agreement.

In his note to the British Chancellor, Mr. Caillaux declared that the settlement of the French debt settlement, as with the United States, and Great Britain, inevitably depends largely on the continued transfer of receipts from Germany under the Dawes plan.

"It is, therefore, for reasons outside of the control of France, such debts should cease completely, or to an extent greater than one-half, in the new situation which would be created and France reserves the right in such an event to ask the British government to reconsider the question in the light of all circumstances then prevailing. It is subject to this expressed reservation that I am ready to sign the agreement we have drawn up," Mr. Caillaux wrote.

CHURCHILL'S REPLY

Chancellor Churchill in his reply, said that the British government has no objection to the payment of the element of the debt, like the debt itself, on the sole credit of France. He wrote:

"You will realize that in the hypothetical circumstances which you have suggested Great Britain would already have suffered a diminution in receipts from the Dawes debt settlements, and this is one of the factors which would necessarily be borne in mind in any further and more consideration of the question being desired by the French government.

"Subject to this, I do not object to the payment of such debts, or to the extent of any modification being made I should expect in order to obtain equal treatment among the creditors, that other creditors of France would be given due consideration and a corresponding modification of the debts due them."

The early sessions, which began yesterday, are being devoted to working conditions and seniority employment rules, number of hours worked and transfer of men from one section to another.

Adjustment of wages for the men up before early next week, G. H. Green, assistant vice-president of operations, said today.

STREET CAR INCIDENT

An incident in somewhat the same vein occurred at Lodz. Two officers boarded a street car at the terminal and the conductor refused to let them on. They grabbed the control lever and started the car, and when the motorman attempted to turn off the current, the conductor applied the brakes, an officer was hit and another struck the motorman's head. The latter ducked just in time and lost only an ear and a quantity of blood and sustained a gash in his shoulder.

The officers submitted to military arrest.

Three other officers have been arrested for killing taxicab drivers but have not been brought to trial. This delay has caused a storm in labor circles, and the drivers have been on strike and threatening strike. The situation is complicated by the 300,000 unemployed, which is due somewhat to a stoppage in American imports.

It is the accumulation of all these clouds which makes Mr. Pilsudski's lot a most unhappy one and one which his opponents say he will try to surmount with the only agents he is familiar with — war or threats of war.

BANK OF ITALY SHARES PROFIT

Dividends Voted Distribution to 2500 Employees

Nearly \$500,000 Contributed to Plan in Six Months

Trustees Invest Savings in Stock of Institution

Approval of the distribution of approximately \$500,000 to the employees of the Bank of Italy as their share of the profits for the six months ending June 30, last, was made late yesterday at a meeting of the board of directors in San Francisco.

The profit-sharing plan of the Bank of Italy has been in operation for eighteen months, provides that to 2500 employees throughout the state more than 40 per cent of the net profits of the bank. Each employee will have with the bank a full share in the plan, and will have his share based on his earnings for each succeeding year of his employment.

The trustees are now holding 4000 shares of Bank of Italy stock, with a market value of \$200,000.

The plan is held for the employees to be distributed according to the terms of their participation in the profit-sharing plan.

The trustees, who supervise the plan, will receive the full amounts of the bank's contribution and the bank's contribution in Bank of Italy stock, during the last six months of the stock plan.

The trustees are now holding 4000 shares of Bank of Italy stock, with a market value of \$200,000.

The plan is held for the employees to be distributed according to the terms of their participation in the profit-sharing plan.

The Bank of Italy has demonstrated that the plan is a profit-sharing plan, which means ultimate ownership of the bank by the employees, but is conducive to better service and more efficient operation. During the first six months of the plan's operation, the bank contributed \$422,000. In the last six months the bank's contribution was \$400,000, and the amount of savings in the plan \$497,000 as of June 30.

Considering the average of all employees participating in the profit-sharing plan during the last six months, the amounts have been converted to stock of \$600,000 as of June 30, they have put into the

Union Pacific
Confers With
Men on Wages

SEATTLE, July 13. (AP)—A great change in wage scales on the Union Pacific Lines are foreseen by representatives of the company and the various union delegates attending the conference. It is understood that at least two wage scales will be required to conclude the negotiations.

In early sessions, which began yesterday, are being devoted to workmen's compensation, sick pay, overtime rates, number of hours worked and number of men from one section.

Agreement of wages for the period of the agreement will not come before early next week. G. H. Moore, assistant vice-president of operations, said today.

Gain Over 1925 Reported in Semiannual Survey by Industrial Congress

PHOENIX, July 13. (Exclusive)—A semiannual report of the Arizona Industrial Congress states that reports from manufacturing, distributing and retail lines indicate that business for the year thus far registered another general advance, while summer conditions show improvement over the corresponding period of last year.

Chipping trade in the principal cities increased in majority of cases of May and June of 1925.

While no change has been noted in Arizona mining conditions, the copper market is still holding below the 4-cent mark, and the trend of professional opinion has been fairly optimistic.

The Inspiration Consolidated Copper Company, \$60,000,000 worth of which is to be completed this fall, the Old Dominion at Globe is

installing new milling machinery, about \$1,500,000 is being spent at the Phelps Dodge plant at Douglas and the United Verde Copper Company is building a new hospital at Jerome and a Clark memorial clubhouse at Clarkdale.

Cotton is being grown on 180,000 acres, including 30,000 acres of long staple. The grain harvest has been a favorable one. Cantaloupe shipments in the Salt River Valley will approximate 4500 carloads, compared to 3600 last year. Grapes, citrus and melon under way, will aggregate over 100 carloads from the Salt River and Gila River valleys.

Livestock and ranges are in an unusually good condition.

Second Largest
Onyx Deposit in
San Bernardino

SACRAMENTO, July 13.—What is said to be the second largest deposit of commercially valuable onyx in the world has been located in San Bernardino County. The fact was disclosed yesterday in proceedings before the State Corporation Department, administrator of California's "blue-sky" law, incidental to exploitation of the mineral deposit.

George H. Reubens, president of the Pacific Gem Company, which has a lease and option to purchase mineral claims embracing the deposit, said he was advised by engineers that there were billions of carats of onyx in the 100 acres. The only larger body of the mineral known to exist in the world, he was advised, is in Algeria, North Africa. There are also large deposits in Mexico, but Mr. Reubens regards the California deposit as more important because of its richer and wider range of colorings.

The company is engaged at present in making onyx balls for automobile gear-shift levers. Later it expects to include playing marbles, door knobs and tiles in its products.

Coast Traders Overlook Rail and Amusement List in Enthusiasm for Oils and Utilities

BY EARL E. CROWE

LOS ANGELES, July 13. (By Wireless)—

The markets today were idle and featureless. A few industrials, like

Courtaulds were better, however.

French and Belgian francs were both

higher at 190 and 220 to the pound

sterling, respectively.

The French debt settlement con-

cerns anticipations. Press allusions

to French buyers buying gold is prob-

ably either confused with private ar-

rangement between the Bank of

France and the Bank of England, under

which it is expected a period of re-

payment by the former to the lat-

the purchases extending into many

years.

COTTON MARKET

NEW YORK, July 13. (Exclusive)—

Cotton was steady on the call today

with early prices 20 to 30 net higher.

Later the market made a net gain of

about 1/2 a pound on active months

influenced by the unfavorable weather

developments overnight.

Private wires indicated that a rally

spell had developed over the cotton

belt from the Savannah River west-

ward, and private wires this morn-

ing indicated abnormally cool weather

over the belt. Current reports indi-

cated a drop in the condition of the

cotton in all States except possibly the

Carolinas in the report of the 23rd inst.

Insects have increased rapidly

except in the eastern belt and in

Oklahoma.

There is a lack of fruit in a great

number of cotton fields.

Reports indicate that the cotton

crop is late and susceptible to boll weevil damage in all

States. Dry, warm weather is needed

in all parts of the cotton belt.

Despite the favorable figures

that cotton planters who made

less than 167 pounds of cotton per

acre last year, the average yield, made

nothing on their lint cotton.

The cost of producing 167 pounds of

lint in 1925 was estimated at \$35.00

price was 16c. Production figures were

technical reaction after an almost uninterrupted advance of over eight weeks. Offerings generally were well absorbed, such recessions as occurred being held to a minimum.

MOTORS MOVE UP

General Motors was again the outstanding individual feature, mounting nearly 6 points to 158. The high record for the present stock on total transactions of over 120,000 shares. Hudson was run up over 2 points to 86 1-2 at the expense of an over-crowded short interest and Standard and White which moved up over a point. Dupont, which has large General Motor holdings, jumped 8 points to a new top at 256, and Fisher Body, which is controlled by General Motors, gained 4-1/2 points to a new top of 106 1-2.

A steady investment demand also was noted for the railroad shares, the general average of which touched the highest level in over a decade. One of the railroads, the Santa Fe, preferred moved up to new maximum quotations at 144 7-8 and 144, respectively, but Nickel Plate yielded 8-1/2 points on selling, presumably influenced by the growing opposition to the modified Van Sweringen merger.

Union Oil of California touched a new peak at 88, but most of the other oilers were backward, recent selling being influenced by fear of another period of cut-throat competition of crude through the discovery and the development of new fields.

STEEL FIRMER

U. S. Steel continued to develop a sudden outburst of strength by moving up nearly 3 points to 142 3-4, closing within a fraction of the top. Call money held steady at 1-2 percent all day. The New York Stock Exchange, which remained calling by a few institutions caused a fair volume of transactions, but that there was a fair supply of funds all day and at the close. A further stiffening of prices in the money market when some of the short investments were quoted as high as 4-3-8 per cent, the ruling rate for the longer loans remaining at 4-1-2.

A rally of 4-1/2 to 6 cents a bushel in cotton futures followed on the unexpectedly poor Canadian government crop report, featured the commodity markets. Cotton advanced about 82.50 a bushel on reports of unfavorable weather and insect damage. Gold and coffee prices showed little change.

Sharp rallies in the principal foreign exchanges followed the announcement of a revised Franco-British debt deal, which was to be signed in Paris around \$4.25 15-16, while French francs soared 8 points to 2.87 cents. Italian lire moved up 7 points to 8.44 cents and Belgian francs rallied nearly 15 points to 2.34 cents, largely on the strength of a new resolution initiated by the request of the Belgian Cabinet for authority to protect the currency.

BOND QUOTATIONS

Activity Curtailed
NEW YORK, July 13. (AP)—The establishment of time-money rates on a slightly higher level restrained buying operations in the bond market today, but brought about no significant change of trend. United States government issues, always sensitive to any alteration in underlying credit conditions, worked lower with Treasury 3 3/4s and 4 1/4s suffering the heaviest losses. Selling of investment rails and public utilities was counteracted by the strength of semi-government issues.

News of the debt-financing agreement between France and Great Britain, as well as the accord with Spain on Moroccan affairs, exerted a tonic influence on the government issues, which were generally higher and the leading French rail bonds were strong. Elsewhere in the foreign list trading interest centered mainly on German obligations. Bonds 1 1/2s, 2 1/2s and 3 1/2s were new high values and General Electric 6 1/2s gained nearly a point.

Few changes of importance took place in domestic bonds, the general average of these issues remaining unchanged. Convertible bonds, including Delaware, Florida, Seaboard, the upward trend of carrier stocks, with a good demand in evidence for Franco adjustment 6s, Ulster and Delaware 6s, Louisville and Nashville 5 1/2s and Chicago and Alton 5s.

Copper, iron, aluminum, taking the upward trend of carrier stocks, with a good demand in evidence for Franco adjustment 6s, Ulster and Delaware 6s, Louisville and Nashville 5 1/2s and Chicago and Alton 5s.

American Writing Paper issues remained their advance, but American Gas and Electric 6s, 7s and 8s, including 6s, Consumers Power 6s and City Service Power and Light 6s were heavy.

Public offering will be made tomorrow by Borden & Co. of \$7,500,000 of new bonds for the Pan-American Petroleum Company, subsidiary of the Pan-American Western Petroleum Company.

TILTING BACK IN CHAIR.
By some it is considered clever
To tilt back one's chair. How-
ever, it's not so clever when one falls
Down on one's back, and
screams and bawls!
It takes a fall like that to show
A Goop the risk in tilting one.

CONVICT CAUSES PEACE AND COURT RUMPS

Persistence in Protest Wins
Forcible RemovalDemand Made for Hearing by
Federal Grand JuryVenue Change Granted on
New Set of Charges

J. D. "Jack" Austin, serving a sentence of four years in Leavenworth on charges of using the mails to defraud and facing trial on charges of perjury and subornation of a disturbance in the court of United States District Judge McCormick yesterday and was forcibly removed by United States Deputy Marshal Mangeron and Prison Guard Sidney M. Lee.

Austin asked a change of venue on the ground that prejudice existed against him in the local courts. He asked for a trial in San Francisco, which was refused, and he continued his protests after Judge McCormick had granted a change of venue to the San Diego session, where Judge Manning will preside. While in Judge McCormick's court he demanded to be taken before the United States grand jury to tell what he knows about the ball-bond business here.

Austin's protest continued to Leavenworth last year on charges of using the mails to defraud in connection with a magazine subscription scheme. While out on \$10,000 bond, he was said, he went into the ball-bond business again and was arrested and held in New York in January and taken to Leavenworth.

The perjury charge, it is said, is in connection with his trial on the mail fraud charge. The information which is in connection with the furnishing of a bond for Frank Kubota, accused in a liquor case. Austin is accused of inducing Ivy J. Jorden and Willis Green to enter into the terms of the property in connection with the bond. The two women have been indicted by the grand jury on perjury charges.

Austin was arraigned before Judge Manning here late yesterday and his trial set for the 2nd inst.

WAR TERMS
BANISHEDPan-Pacific Union Aims to
Promote Relationship of
Nations on Ocean

Peace and war are terms conspicuous by their absence from the vocabulary of the Pan-Pacific Union, according to the assistant director of that organization, Colbert N. Kurokawa of Honolulu, a Japanese, now a Los Angeles visitor.

The Pan-Pacific Union, whose chief object is to develop a better understanding and more friendly international relations among the countries that border the Pacific Ocean, works on the principle that the common interests of man in common among the member countries is productive of more satisfactory results than seeking to uncover and dilute upon national or racial differences.

The headquarters of the union, located at Honolulu, serve as a clearinghouse for the matters relating to the different countries that come up for discussion under the plan on which the organization is constructed. A staff is maintained at the headquarters that keep in constant touch with the different member countries through correspondence and through personal visits. Mr. Kurokawa, on the Pacific Coast at this time, is to come into personal contact with persons interested in the union in this section.

The union is now laying plans for a number of future conferences. One, to take place in 1928, will be a conference of women of the Pacific countries which will devote itself to health, child welfare, and numerous other lines in which women are especially interested.

Berlin, Germany, will be conducted the same year, will bring together representatives from all the islands of the Pacific. Its specific purpose will be to study the conditions of different races of people with particular reference to the preservation of such cultural features of the different tribes as may be advantageous incorporated into the world's general culture.

Hannan admitted he remembered but the car in which Smith was riding was registered to F. J. Berlin, said he to garage manager for a down-town service station where the accident occurred. Berlin disappeared and was not located until three hours later when two detectives placed him under arrest when he returned to his home at 1250 S. 10th. Berlin, 32, was seen to refuse to make any statement. He is being held for suspicion of manslaughter.

A Baby in the Home

NO KING on his golden throne demands and receives more homage from his willing subjects than a baby in the home. The smallest member of the family requires a great deal of attention. Sometimes, in caring for her child, a mother overtaxes her own strength. Particularly when there are other children to work for, she must learn to preserve her health.

Then her home becomes a place of order and happiness. She finds time to play with her children and the whole family enjoys the dimpled baby as he grows from day to day.

Many young mothers have learned that Lydia E. Pinkham's Vegetable Compound helps them to find the strength they need.

Before her marriage, Mrs. R. N. Frankum of 3947 Gold St., Omaha, Neb., was a working girl. Like many girls, she sometimes had to stay at home from her work. A friend told her of Lydia E. Pinkham's Vegetable Compound and she found that it relieved her trouble.

She was in good health until her second baby came. "I began to take the Vegetable Compound again," she writes, "and was soon able to do my housework. Now I can say I never felt better in my life. Women ask me what I have been doing and I tell them about your medicine. I feel that I owe a lot to it."

BY JUANA NEAL LEVY
Of more than usual interest to local society is the announcement made this morning by Mr. and Mrs. Lewis W. Andrews of 276 Lafayette Park Place of the engagement of their younger daughter, Miss Violet Andrews, to Donald Williams Whittier, eldest son of the late Mr. and Mrs. M. H. Whittier of Beverly Hills. The news was told to a coterie of intimate friends of the charming young bride-elect at the bridge tea given yesterday afternoon by Mr. Mark Finley (Anna Judge) and her sister, Miss Mildred Finley, at the Los Angeles Country Club, at the end of the card games, when the prizes were awarded (one to each table). The brother cards were concealed in the prizes.

The wedding will be one of the events of the early fall. Miss Andrews is a graduate of the University of Southern California where she is a member of the Kappa Kappa Gamma sorority. Mr. Whittier, who attended the same University, is an Alpha Delta Phi fraternity member.

Delightful Affair

One of the lovely affairs of the day will be the luncheon with which Mrs. William Henry Anderson of West Eleventh street is entertaining at the Women's Athletic Club in honor of her god-daughter, Mrs. Robert Young of San Francisco, a recent bride who is visiting with her mother, Mrs. Cornelius Cole Brown of Hollywood. Mrs. Young, who is the granddaughter of Mrs. William Henry Anderson, Shakespearean authority, has since her graduation from a fashionable school in Palo Alto, received much favorable criticism for her Shakespearean readings, which, however, she has not done professionally. The decorations at the luncheon

This simple rule in skin care has largely made the "middle-aged woman" a tragedy of the past—try for one week.

KEEPING youth is something more than merely the fervent wish of every woman. It is a duty that she owes herself and others.

Look everywhere today. Note how women are retaining youthful charm through the thirties, into and well beyond the forties.

Don't believe it is due to costly "youth" methods in skin care. Most of the time you'll find it the simple result of natural, common-sense ways in preparing youthful skin texture and suppleness.

The following rule, carefully followed, will do much toward women keeping their priceless youth. It has probably done so far more than any other method known . . . just the softening olive and palm lather of Palmolive, used this way:

**THE RULE IN SKIN CARE
URGED BY EXPERTS**

Wash your face gently with soaping Palmolive Soap, massaging it softly into the skin. Rinse thoroughly, first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of good cold cream.

Do this regularly, particularly in the evening. Use powder and rouge if you wish. But never leave them on overnight. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away.

**BE SURE YOU GET THE
REAL PALMOLIVE**

It costs but 10¢ the cake!—so little that millions let it do for their bodies what it does for their faces. Obtain Palmolive today. Note what one week of its use brings you. The Palmolive Company (Del. Corp.) Chicago, Illinois.

BRIEF SKIRT WILL STAY IN EUROPE

Antwerp Visitor Believes Queen of Spain's Move Will Find Few Followers

The lengthening of her skirts by the Queen of Spain isn't going to have any effect on the rest of the women of Europe, in a telephone interview with the Associated Press yesterday. The Queen has been wearing a short skirt for five minutes.

"I noticed what the press dispatches said the other day that the Queen had discarded the skirt with the result that I doubt if the fad will spread."

"Skirts were worn shorter in Europe than ever before when I was there about two months ago," particularly in Paris, where everybody seemed to be satisfied. Aside from the matter of style, the short skirt has become popular because it is so comfortable.

"Comfort and convenience are the chief factors contributing to the indefinite continuance of the short skirt. The same holds good in America. All European women keep their hair bobbed though there are rumors now and then that long dresses are coming back. If so, they will be.

"This was the style in dress affected by royalty, were copied by everybody. But I think there's been a change in this respect. The commoners are more independent in their taste than they once were, and in my opinion they can wear pretty much what pleases them regardless of what the crowned heads may do."

Sacramentoans Laud Goodcell for Governor

At what is declared by Secretary of State Jordan to have been the most enthusiastic and spontaneous political gathering ever conducted in the capital city more than 250 Sacramentoans and their friends gathered yesterday at a meeting of the Board of Trade to honor Mr. Goodcell.

SUIT BEGUN IN DEATH OF SCREEN DOG

Owners of Peter the Great, Film Canine, Ask Damage from Asserted Slayer

An echo of the shot that was said to have killed Peter the Great, canine motion-picture star, was heard yesterday in Superior Court when Charles E. Dreyer and Edward Faust, owners of the dog, filed suit for \$250,000 damages against Fred Cyriacks, who was asserted to have fired the shot that ended the dog's life on June 6, last. The plaintiffs ask \$100,000 damages in addition to damages of \$150,000 as the actual value of the dog actor.

George E. Wickham, attorney who asserted he was under contract to train the dog recently brought suit for \$45,000 damages against Cyriacks as an attorney to the asserted shooting.

The suit filed yesterday was prepared by Attorneys John T. Mulligan and W. H. Plummer while Kempin's action was filed by Attorney Wilbert C. Hamilton.

Filmdom Stars Aid Reception by Screen Library

Younger stars of filmdom in numbers are serving as volunteers in extensive preparations being made for the reception by the Screen Library for the entire film industry on Friday night at its new building at Hollywood Boulevard and Taft avenue.

A musical program, a buffet supper, tours of inspection of the new home and demonstrations of interesting film subjects from the files of the library will be the chief features of the affair. Founded less than a year ago, the reception is to celebrate the expansion of the library into new headquarters comprising an entire satisfaction.

CRAIL ENDORSED The Ingleside unit of the United Veterans of the Republic has voted its endorsement of Joe Crail's candidacy for the Republican nomination in the Twelfth District. It was announced yesterday by Charles L. Hogue, manager of the Crail campaign. The endorsement was made by Mr. Hogue, who has been serving at the Crail headquarters in the Lankershim Hotel by Elmer Per-

Owner of Car Gets Thrill of Catching Thief

Within a brief period yesterday E. B. Wickham of 222 South Broadway street experienced two very different sensations. First, he felt a sickening and helpless sensation as he looked from the front window of his home and saw an automobile drive past him. Inside his car he drove away at a high rate of speed. Recovered from the paroxysm of momentary shock he commanded a passing automobile and gave chase.

By the time Wickham's moment of extreme satisfaction.

World Flight Pilot to Visit Swedish Home

Lieut. Erik Nelson, one of the pilots of the army round-the-world flight, will leave Los Angeles Tuesday, the 16th, bound for San Francisco, en route to New York, whence he will sail August 11, next, for Europe. Lieut. Nelson is going to his former home in Stockholm, Sweden, to see his mother. He will spend some time visiting airplane factories in various European countries.

Since the world flight, Lieut. Nelson has been supervising governmental contract work at the Douglas Company's aircraft plant at Santa Monica. He does not know if he will be assigned to the same post upon his return from Europe.

LEAGUE SHOW OFFERS NOVELTY

Ultra Short Subjects via With Foreign Melancholy on Sherman Program

BY EDWIN SCHALLERT

That there are more kinds of pictures in the world than the filmgoer has yet dreamt of—or at least a somewhat more unusual variety than he sees under the traditional theater auspices—was brought to light with the first program given by the Photoplay League Monday evening (the show ran very late hence the delay in the appearance of this column). The new celluloid enterprise, having decidedly highbrow inclinations, centered Sherman, and made that until-now unfamiliar locale for artistic activities a sudden goal for many of the picture company.

The results of the Photoplay League's enterprise were novel as a whole, in part very interesting, and to some extent too disappointing. However, the endeavor, one might say, was bound to finally lend impetus to a little theater movement for pictures, such as already elicited considerable attention in New York. The Photoplay League was in association with that of

The Photoplay League. The world premier of "Seventh Heaven," which it is expected will be one of the most important film productions of the year, will be given in Los Angeles, according to an announcement made last night by James R. Grainger, general sales manager of Fox Films, who is in Los Angeles for the purpose of launching the exhibition plans of the Fox produc-

tion.

DRINK LIQUOR BEFORE COURT

Officers Qualify as Expert Tasters

Tell Jury Stuff is Bad But Passable to Drink

Defense Attorney Hints at Injustice

SANTA ANA, July 13.—Taking a drink is one thing, but taking a drink in a courtroom with a jury of men and women looking on with eyes expressive of, well, perhaps, not envy, is quite another. Yet three deputy sheriffs managed it yesterday in Superior Judge E. J. Marks' court, where the fate of C. Ghysels of Westminster rested with the jury today. Ghysels was tried for possession of liquor, with a prior conviction of that offense linked to the charge.

When Prosecutor C. N. Monley came to prove whether the fluid found upon Ghysels was beverage liquor he found his means somewhat limited. In the emergency he lit upon the three assistant officers. Orange County Sheriff M. McCalister and Deputies Joe Ryan and H. M. McCague. The merciless prosecutor forced them to take the witness stand and give their opinion of the beverage qualities of the accused liquor.

Deputy Ryan was the first on hand. "Do you know the taste of liquor?" the prosecutor demanded. "I do," blushed, hanging his head, he finally admitted. "I did." Then he blushed again for Monley asked him how long his acquaintance had been and he confessed to ten or twelve years of it. "I can't say," he said, "that he ever had liquor from bad, but he did not do so in a boastful manner. There was no swagger to his manner. Then Joe was told to drink some of the evidence. With a face of fear, he took a swig from the glass to his lips. He was about to take a draught when someone in the courtroom emitted a low-pitched whisky cough. Joe started visibly, put his hand to his mouth, and after a supreme effort and took a swallow. He choked only slightly and wiped the tears from his eyes. "That's regular moonshine, but it's drinkable," he said.

Monley then called in his chief deputy, who more jauntily about 15 when it came his turn to test the evidence he gave the jury an illustration of expert testimony in handling a drug. It was swing weather with the true Arkansas flourish until it rested easily upon his shoulder and elbow, a satisfying gurgle followed and the witness confirmed Ryan's verdict that the stuff could be drunk.

McCague also came through the performance creditably and agreed with his fellow-officers.

Everyone was satisfied but the defendant, Roland Thompson and Charles D. Swanner. Thompson was unable to contain himself when he arose to address the jury this morning. "These officers," he growled, "have had the liquor for the last ten years; the rest of us had to quit about five years ago." Thompson didn't indicate what he expected to do about the injustice.

DISREGARD WARNING

Written Instructions Fall to Save Home from Fire

ALHAMBRA, July 13.—When Mr. and Mrs. J. E. Mersman, 601 South Margaretta avenue, left for an automobile trip a few days ago, they instructed their two sons, John and George, who remained at home, to be careful about fires.

The mother, thinking to impress this danger on the boys, wrote in large letters on a piece of paper, "Turn out the gas in the gas tank" and tacked it behind the gas heater in the kitchen.

When firemen broke into the Mersman house today, the first thing that met their eyes was the mother's message.

Damage to the extent of about \$500, confined to the ceiling and the roof, resulted from the blaze which was started by the gas tank. The boys were not at home when the alarm was turned in.

Fire Captain George S. Burrows remained a fraction of an hour engaged in helping to put out the blaze. He is in the Alhambra Hospital.

VOTE MONEY FOR CITY AIRPORT

BAKERSFIELD, July 13.—Assuring Bakersfield and Kern county their position on the air mail route, Bakersfield City Council last night appropriated \$1000 to be used for lighting purposes at the Kern county airport, northwest of Bakersfield. For weeks the airport committee has feared that this city would be marked for the route, which automatically would weaken Kern county's position as an aviation center of Western United States.

The \$1000 donation, followed a week ago by a similar amount from the city fathers took the proposal under advisement. It is expected that the Kern County Board of Supervisors also will add to the amount, although action is not yet taken on the matter. The airport finance committee is making a drive for \$5000 to place hangars and other necessities on the field, but lighting equipment made possible by the Council action was the most urgent need.

CONTRACT ASSURES FORD AUTO PLANT

LONG BEACH, July 13.—Ford Company officials in Detroit today signed the harbor contract recently approved by the Council of Long Beach, assuring the construction of a plant on Terminal Island, according to a telegram of congratulation sent City Manager C. S. Henderson by Union Pacific officials.

Signature of the agreement by the Detroit Motor Company officials confirmed the triangular contract, in which the Ford company, the Union Pacific and the city of Long Beach are parties. One document is between the railroad and the motor company and the other between the city and the Ford concern.

ACCIDENTS ARE FATAL

Series of Mishaps Near Bakersfield Result in Loss of Life and Serious Injury

BAKERSFIELD, July 13.—Two persons are dead and five are seriously injured following a series of accidents occurring in and near Bakersfield last night and this morning and involving automobile and motorcycle collisions, a gasoline fire and a milk-wagon runaway.

BODY IS WASHED ON BEACH

Unidentified Man Victim of Foul Play in Opinon of Santa Barbara Officers

SANTA BARBARA, July 13.—The body of a murdered man was washed up on the beach at Refugio, thirty miles west of Santa Barbara, before today under circumstances which indicate he had been thrown into the surf. Identification has not yet been made.

The dead man had a crushed skull and other signs of attack. Apparently an American of middle age, the man was fairly well dressed, but had no marks of identification on his clothing. The body apparently had been in the water for two days. Coronor Dodge said after an examination.

Whether the man was the victim of hi-jackers or whether he was killed in a dispute between fishermen recently have reached Santa Barbara and the place where the body was found is not known. The dead man had a foot or two of his hair cut off, and the next morning he was found in the ocean near the warm waters of the south and the cold waters of the north come together and nearby many varieties of fish are found. The theory that the man was a fisherman is supported by the fact that his body was advanced, but so far no clews have been uncovered.

Fail to Find Traces of Three Bank Robbers

PASADENA, July 13.—With few tenable clews, Pasadena police continued their search today for the four men and their woman confederate who held up the Lakewood branch of the Pasadena National Bank yesterday noon and escaped with what a check-up this morning revealed to be approximately \$6000 in cash.

Police are now searching for a man said to be an ex-convict, released from San Quentin in 1912, who has been tentatively identified as one of the two men who drove to a nearby town yesterday afternoon shortly after the robbery, and after an hour or more, were met by a woman, supposedly the one implicated in yesterday's hold-up here.

According to an oil-station operator, who was being interviewed by the trio, the two men and the woman stopped in a sparsely settled district and after a quarrel of about ten minutes, the woman handed the man a sack resembling that used to carry the money from the local bank.

FAMILY OF OFFICER HURT IN EXPLOSION

LONG BEACH, July 13.—About the time news dispatches today announced the identification of Lieut. Herman C. Shrader, former Long Beach resident, as one of the victims of the Lake Denman arsenal explosion, his wife notified Long Beach friends that she and her daughter were injured in the disaster.

Damage to the extent of about \$500, confined to the ceiling and the roof, resulted from the blaze which was started by the gas tank. The boy, having been left burning, the boys were not at home when the alarm was turned in.

Fire Captain George S. Burrows remained a fraction of an hour engaged in helping to put out the blaze. He is in the Alhambra Hospital.

TRADE NAME FOR BEAUMONT PEACHES

BEAUMONT, July 13.—Under the brand name of "San Gorgonio," peaches grown in the Beaumont district will be handled this year through an association recently formed by growers of the district, it was made known yesterday by the agricultural committee of the Beaumont Chamber of Commerce. The peaches are approximately 500 acres of peaches in the immediate vicinity of Beaumont, located at the highest point of San Bernardino mountains, sixty miles inland.

KITTAMS FUNERAL

HUNTINGTON PARK, July 13.—Funeral services of the late George Kittams, who died suddenly on Sunday morning, as a result of heart trouble, were held this afternoon at the Masonic Temple, at 2 o'clock, the Masons of this city being in charge.

Mr. Kittams, who was 70 years of age, was one of the pioneers of the city, locating here nineteen years ago. He was a native of England, but had spent most of his life in Syracuse and in Philadelphia, at one time being a cincinian in the latter city.

TO CARE FOR LABORERS

DINUBA, July 13.—At a called meeting of the Farm and Coopers League, the Chamber of Commerce this evening, plans were discussed for proper camping sites and accommodations for itinerant fruit workers in order to combat any possible short supply. The camping sites will be provided by the chamber with their chemical equipment prepared to bait a furious blaze.

The house was thoroughly smudged but not burned. For all the smoke came from a small celluloid mirror which had fallen on top of a stove.

SMOKE, THAT'S ALL

ALHAMBRA, July 13.—Smoke pouring from a house at 1715 South Third street this afternoon caused a fire alarm to be turned in. The firemen, on the way, found the house on fire and it was quickly extinguished. Class 1, although there is a large list in Class 2, the contest is for gardens of amateurs and not for the professionals.

HEAT PROSTRATION

HANFORD, July 13.—J. F. Gomes, a farmer from the Dallas district, of the city, located here nineteen years ago. He was a native of England, but had spent most of his life in Syracuse and in Philadelphia, at one time being a cincinian in the latter city.

WOMAN DRAWS FINE

CORCORAN, July 13.—Miss Annie Paxton, brought before Justice J. E. Woods on a charge of possession of intoxicating liquor, was given a fine of \$100 or the alternative of 100 days in jail. She paid the fine.

Pasadena Sends Protest to City of Glendale

Register Complaint Against Deputy Sheriffs

Three Pasadenaans Held as Robbery Suspects

PASADENA, July 13.—Indignant over the "high-handed" treatment to which three Pasadenaans were subjected after being falsely suspected of burglary, the Board of City Directors of Pasadena today ordered that a letter of protest be sent to the City of Glendale and to the County Board of Supervisors against the actions of the Glendale police and the Sheriff's office.

Indignities suffered by Curtis Arthur, Robert Griffin and Keeton Arnett, the latter a reporter for a local newspaper, were reported to the board today by Acting City Recorder Jack Landell to Arthur Leddy, 18 years of age, son of Dep. Dist.-Atty. Thomas D. Leddy of Los Angeles.

The youth was charged withreckless driving, but was given a broken arm.

Chester Fyle, 18-year-old son of Mrs. Silas Fyle, 1216 Oregon street, was arrested yesterday for driving his motorcycle into an automobile driven by H. G. Giraud on China Grade, east of Bakersfield.

Merrill Lambert, 14 years of age, son of Police Officer E. S. Lambert, was arrested and held with his brother John who was delivering milk in the vicinity of Fifth and I streets.

The boys were driving a one-horse delivery wagon and had almost come into the road when the woman suddenly bolted and plunged into the road.

Efforts to stop the racing animal proved futile when the boy broke his mouth and the wagon overturned at the intersection, hurling both into the air. A boy who was riding in the wagon was also injured.

Landell, who was released from the hospital, was taken to the Orange County Hospital.

Landell and his two friends were released.

At noon of the second day they were released when the victims of the robbery were unable to identify them.

Today's resolution of the City Directors.

YOUTHFUL SPEEDERS PUNISHED

Son of Los Angeles Official Arrested for Recklessness in Orange County

HUNTINGTON BEACH, July 13.—Regents of the proposed new two-million-dollar California Lutheran College completed a session in Santa Barbara today and left for their homes after inspecting two new sites offered for the university near this city.

The officials of the church also have received offers of sites in Burlingame, Fullerton and Covina for a quiet locality removed from the larger cities.

S. L. Wright of Santa Barbara has offered 500 acres of choice land on the foothills near Goleta, allowing the church to sell what is not needed.

A more choice location with city water, nearer town, also was offered by Mr. Wright, but it had only

one acre of land.

A covenant and articles of incorporation were tentatively adopted before adjournment this morning. The articles provide that a college shall be established in California to be maintained by tuition charges, donations, gifts, grants, bequests and devices, and that it shall be financially independent of the Lutheran church.

The youth shall be controlled by a board of regents and the college will be incorporated without capital stock and its members composed of two representatives from each of the following Lutheran bodies:

Glendale, Lutherans of the United States, the California Conference of the Augustana Evangelical Lutheran Church of America, the Evangelical Lutheran Church of California, the California Synod of the United Lutheran Church of America, the California Synod of Ohio and other States, and the California circuit of the Norwegian Lutheran Church of America.

One of the places has already passed its tests and has been accepted as a site for the new school.

Landell, who has been only 18 days in jail, was released yesterday by Justice Arthur Leddy.

Landell and his two friends were released.

At noon of the second day they were released when the victims of the robbery were unable to identify them.

OUR HISTORY IN PICTURES

THE CONFEDERATES HAD HOPED ALL THE SLAVE STATES WOULD JOIN THEM AND FOR A LONG WHILE THE "BORDER STATES," MISSOURI, MARYLAND, KENTUCKY AND DELAWARE, HUNG IN THE BALANCE. THESE STATES HAD REFUSED TO ANSWER THE PRESIDENT'S CALL FOR VOLUNTEERS. LATER, DELAWARE ENBRACED THE NORTHERN CAUSE, WHILE MARYLAND AND KENTUCKY WERE KEPT FROM SECEDING BY LINCOLN'S TACT AND DIPLOMACY.

NATHANIEL LYON AND FRANCIS P. BLAIR.

IN MISSOURI A SERIOUS SITUATION AROSE. GOV. JACKSON AND HIS AIDES STRONGLY FAVERED SECESSION AND PLANNED TO TURN THE STATE OVER TO THE CONFEDERACY. TO PREVENT SUCH A MOVE, AND SAVE MISSOURI FOR THE UNION, FRANCIS P. BLAIR, A ST. LOUIS LAWYER, PROMPTLY CALLED THE LOYAL ELEMENT OF THE STATE TO ARMS.

IN MAY AND JUNE, 1861, HAVING RAISED A STRONG FORCE OF UNIONISTS, BLAIR WITH CAPT. NATHANIEL LYON, COMMANDER OF THE U. S. ARSENAL AT ST. LOUIS, OVERTHREW THE JACKSON GOVERNMENT AND SET UP A LOYAL ONE IN ITS PLACE. LATER THERE WAS MUCH SHARP FIGHTING FOR THE POSSESSION OF MISSOURI.

ALTHOUGH THE FOUR "BORDER STATES" MAINED IN THE UNION, THEY CONTINUED SOLDIERS TO BOTH THE NORTHERN AND SOUTHERN ARMIES. THIS IS ILLUSTRATED BY THE FACT THAT AT GETTYSBURG THE REGIMENTS OF MARYLAND TROOPS, ONE IN BLUE AND THE OTHER IN BLUE, FACED EACH OTHER IN A FIERCE STRUGGLE FOR A PART OF THE FIELD.

These daily history strips make a unique pictorial history of America.

Hundreds are clipping them daily and pasting them in scrapbooks.

QUIZ STARTS IN 'MYSTERYDEATH'

Autopsy Ordered on Body of Baldwin Park Man

Rancher Who Died in Store Thought Poison Victim

Doctor Called Too Late Refuses Certificate

Chemical analysis of the vital organs of Charles Sloan, 62 years of age, an orange grove owner of Baldwin Park, near Covina, who died in the Covina Hospital last Friday night, has been ordered by Capt. William Bright, head of the homicide department of the Sheriff's office, it was learned last night.

Sloan, it was ascertained by investigators of the Sheriff's office, lived alone on his ranch and appeared at a drug store in Baldwin Park last Thursday evidently suffering from some kind of poisoning. A physician was called but the man died in spite of efforts to save him.

Constable Sanders, who made a preliminary investigation of the case, reported to Capt. Bright that the doctor who had attended Sloan was unwilling to give his opinion as to the cause of death because the physician declared he was not called early enough on the case to make a complete diagnosis before death. Poisoning, however, is believed to have been the cause of death.

The dead man, it was learned by investigators, left an estate valued at approximately \$80,000 and was heir to one-third of an estate left by his mother, Mrs. Alice Sloan of Covina, who died two years ago, leaving an estate valued at \$80,000. It is understood Mrs. Sloan's estate has not been settled.

WIND UP VISIT HERE

After spending several days in Los Angeles and vicinity, during which time some were photographed, members of the Universal-Jacoby German Motion Picture Company will leave Los Angeles this evening on the Lark of the Southern Pacific for the north. An exhibition can be seen assigned to the company and arrangements made for taking pictures en route. The German film company is on a trip around the world, during which motion pictures are being taken and sent back to the German headquarters of the company.

AMUSEMENT FUND STAYS WITH VENICE

Money to be Spent on Concerts and Improving Beach Facilities

By a "Times" Staff Correspondent VENICE, July 13.—The \$20,000 remaining in the local advertising park and band fund at the time Venice voted annexation to Los Angeles will be spent entirely in Venice, Carroll J. Daly, president of the Venice Advisory Planning Commission, stated here today following his attendance at a meeting of the Finance Committee of the Los Angeles City Council.

The committee voted, Daly said, to spend \$7,000 of the fund on a contract for twenty-three concerts to be conducted in the old Venice municipal band shell at the foot of Main Street. The concerts will be given on consecutive Saturdays and Sundays. The romance had its inception at Daly's.

"The actress" came in for a good deal of public notice when Mack Sennett is reported to have insured her legs for \$100,000 when she was working with the Sennett Company.

Film Pair Will Wed in 1927 if Romance Lives

If the love of Cecilia Evans, motion-picture actress, for Tom Buckingham, director, doesn't grow cold by the middle of next year, another film marriage is due to take place, according to the admission of the actress yesterday.

The reason for the wait is that Buckingham's divorce is not final. Miss Evans doesn't know.

"Everything is indefinite now because we have so long to wait," she said. "But it is a love. Still one doesn't like to set a date that far ahead."

Buckingham is employed at the William Fox Studio as a director, while Miss Evans has made two pictures for the company and is to make another. The romance had its inception at Daly's.

SHORTRIDGE HAS WARM OVATION

Colored Voters' Reception Enthusiastic

Senator Pledges Equality For All Citizens

Speaking Dates For Week Well Filled

A reception, which resolved itself into an ovation, was tendered Senator Shortridge last night at a mass meeting of negro citizens at the Second Baptist Church (colored) at 2412 Griffith Avenue.

The meeting was under the auspices of the Republican Protective League and the Citizens' Committee. Senator Shortridge did not deliver a political address or touch on the issues of his campaign campaign in which he is expected to stand for a Republican nomination for United States Senator. Instead, he confined himself to a report of national affairs particularly as affecting colored citizens.

While the Senator made no appeal for votes, this service was rendered for him by those who preceded him upon the program. Attorney E. Service, Dr. R. H. Wade and Mrs. Charlotte Bass, editor of the California Eagle.

SENATOR CERUTI

Mr. Ceruti introduced the Senator as a true and sincere friend of the colored race, and described his efforts on behalf of the Dyer anti-lynching bill, a measure in which the more colored citizens were deeply interested. Dr. Wade urged his supporters to return Senator Shortridge to Washington as a tried and experienced statesman, "who has learned the trick of securing legislation."

Mr. Ceruti closed his remarks by describing his early life in Iowa and Illinois, in the household of his father, a minister, who was one of the early supporters of Abraham Lincoln and remained a Unionist throughout his life.

He detailed the history and loyalty of the negro citizens in all the wars fought by the United States from its Colonial days, and reassured his hearers that he would continue to stand for equality and justice for all citizens.

"Be he white or black," said the Senator, "an American citizen is an equal in the liberties and justice of this country and will continue the fight for democracy."

He stated that this country was assured of peace and prosperity for years to come under the able guidance of President Coolidge and the Republican party.

The meeting was opened by prayer by Rev. T. L. Griffith, and included an organ solo and numbers by a vocal choir. After the addresses he was presented with a bouquet by Mrs. Louvenia H. Peterson. Mr. Ceruti and Charles Oliver were in charge of arrangements. The Senator was accompanied by Collector of Customs Schwedler.

After Senator Shortridge concluded his address the audience crowded to the rostrum to greet him, bearing out the statement by Ceruti that the meeting was a testimonial of gratitude for the many kindnesses bestowed on the race by the Senator.

QUEST AT FILM STUDIO

At noon the Senator was the guest of Louis B. Mayer at a luncheon at the Metro-Goldwyn-Mayer studios in Culver City. He was greeted there by Mr. Mayer, Joseph Schenck and William Randolph Hearst. After luncheon he was conducted through the studio.

Senator Shortridge will speak this noon at the Los Angeles City Club luncheon and this evening will be the honor guest at dinner at the Elks' Club. At the City Club he will be introduced by President Hugh P. Pomeroy.

Senator Shortridge's stay in Los Angeles and vicinity is limited at this time to two weeks, during which time he is scheduled to speak before many of the large civic and social organizations.

Tomorrow noon he will address a meeting of the Association of Secretaries at the Elks and in the afternoon will speak at Santa Monica, Calif. Friday evening, Tomorrow night, the Senator will be heard by radio fans over KFI at 8 o'clock.

Friday, Senator Shortridge will be guest of honor at the Breakfast Club, receiving from there to speak before members of the Lions Club at the Stimson Hotel. In the afternoon he will go to San Pedro and that night will speak there at Legion Hall.

Saturday, the Senator will be kept busy in San Diego where a series of meetings is scheduled for the forenoon. Following a noon luncheon, Senator Shortridge will go to Orange county where a similar program is arranged.

Tomorrow week promises to be an equally busy one, continuing up to the time of Senator Shortridge's departure for the northern part of the State.

FRIENDSHIP TRIP GUESTS REACH CITY

Sixty Professional Men and Women from Eastern Points Shown Southland

Sixty representative professional men and women from New York yesterday arrived in Los Angeles for a three-day visit as part of their itinerary of the friendship tour sponsored by the New York Chapter of the New York Evening Graphic, the Philadelphia News and some fifteen magazines.

The trip is being made with the primary idea of allowing eastern residents an opportunity to become acquainted with the West, and, necessarily, vice versa.

The original party from New York numbered 130 persons, it was stated last night by Dr. Aaron F. of Mt. Vernon, N. Y., a member of the party. At Salt Lake City the original party separated, half going through the Northwest and the rest coming to Los Angeles. The two parties will meet in Sacramento, Calif., and return to New York via the northern route and the other will come south before returning to the East. J. S. Brunner, tour manager, is in charge of the party here.

On arrival in Los Angeles yesterday, the party was met by a committee from the Chamber of Commerce and later escorted on a sightseeing tour through Hollywood and its studios, Pasadena, Culver City and other near-by points of interest. Today the party will visit Catalina Island.

 6. The number of "boos."
 7. "Abe's Irish Rose."

Early Summer Fiction Around in par. Five-pound bass. Sleep under blankets. Never have seen a mosquito. Drop in any time. Wife will be delighted.

Brief Poem in Bucolic Vein
 I rise to toot the farmer's horn—
 His lasting praise to sing.
 He raises families, and corn,
 And hell, and everything.

The Real Reason
 "Sweetest of them all," "My dearest, my only own," "How I adore you!" "There is no other half so sweet." "You are the one girl for me" . . . "I love you."

How many hundreds of times he had repeated those very words! Ah, how many thousands of times! And yet he had been perfectly sincere each time. You see, he was a writer of sentimental song hits.

CUTS ONE STRIP AND STOPS TO SEE WHAT'S MAKING THE LAWN-MOWER PUSH SORT OF HARD.

TINKERS WITH IT FOR TWENTY MINUTES AND CUTS ANOTHER STRIP.

SEES TRED PERLY OUT WEEDING AND STOPS TO DISCUSS THE CHANCES OF A HOT WAVE.

CUTS ANOTHER STRIP AND SITS DOWN TO FIGURE OUT WHETHER IT SAVES TIME TO CUT ROUND AND ROUND INSTEAD OF UP AND DOWN THE LAWN.

CUTS ANOTHER STRIP AND WALKS OVER TO SEE HOW ERNIE PLUMERS NEW LAWN-MOWER IS WORKING.

COMES BACK, CUTS ANOTHER STRIP, AND WONDERS IF HE OUGHTN'T CUT THE BACK LAWN FIRST.

Goes to look at back lawn and is still talking to Milt Grisby over fence when dinner-bell rings.

REG'LAR FELLERS Puddinhead's Education is Sadly Neglected Appetite

By Gene Byrnes

— AND DO YOU KNOW PAT, MR. SCHWARZ HAD THE NERVE TO ASK ME TO GO TO A SHOW WITH HIM LAST NIGHT? HE KNOWS I KNOW HE'S MARRIED TOO!

— SOMEBODY OUGHT TO TELL HIS WIFE! IT'S A SHAME! AN' A' OUTRAGE! I THINK I'LL CALL HER UP AN' TELL HER!!

— I AGREE WITH YOU, PAT, BUT—ER—AFTER ALL, ER—IT'S NO BUSINESS OF OURS—

— NEVER MIND KID, SHE WON'T KNOW WHO'S CALLIN' HER UP! ANYWAY WE WOMEN MUST STICK TOGETHER!

— HELLO MRS. SCHWARZ! I JES CALLED UP TO TELL YOU TO KEEP A'EYE ON YER HUSBAND! HE WENT TO A SHOW LAST NIGHT! HE AIN'T TO BE TRUSTED!

— YOU MUST BE MISTAKEN! MY HUSBAND WAS OUT OF TOWN LAST NIGHT— AND BESIDES IF YOU'D MIND YOUR OWN BUSINESS INSTEAD OF TRYING TO MAKE TROUBLE YOU'D BE BETTER OFF! GOOD BYE!

— DID YOU CALL HER UP? WHAT DID SHE SAY?!

— THAT TWO-PART CENTER STOLE TELL ME HE TOLD HIS WIFE OUT OF TOWN LAST NIGHT— SAP WAS BELIEVED, CAN'V BEE!

By W. L. M.

— MOONMULLINS! YOU KNOW THAT I HAVE LEFT ORDER THAT CAPE SCHWARZ IS NOT TO BE DISTURBED, SO IF THAT GENTLEMAN I MUST BE LET HIM TO LEAVE.

— THIS GUY AINT A REPORTER, DOCTOR— HE'S AN UNDERTAKER.

— TUT-TUT! HOW UGLYLY ADRIENNE! GENE SCHWARZ IS IN NO DANGER. HE HAD THE SAME THING HAPPEN TO ME YEARS AGO WHILE I WAS HUNTING— AND I PULLED THROUGH WITH NO TROUBLE AT ALL.

By W. L. M.

— WELL! WELL! HAROLD! THIS IS INDEED A SURPRISE!

— SICKNESS IS A TERRIBLE THING MR. LOVEWELL— STICK OUT YOUR TONGUE— EVER FEEL DIZZY— BLACK SPOTS IN FRONT OF YOUR EYES— YOUR COLOR IS A BIT PASTY!

— TUT! TUT!

— SAV! WHAT TH' HECK IS THIS— A MEDICAL EXAMINATION?

— NOT EXACTLY, MISTER LOVEWELL— BUT YOU'RE TAKING ONE SOON— WHEN I SELL YOU YOUR NEW INSURANCE POLICY!
